# December Birthdays 2016

From song by Joel Hemphill  
He's still working on me to make me what I  
ought to be.  
It took Him just a week to make the moon and  
the stars.  
The Sun and Earth and Jupiter and Mars  
How loving and patient He must be.  
He's still working on me.

Peggy Causey 11th

Mary Vann 20th
