

# *Fair Haven: Redefining Home*

## Reframing, Renewing & Renovating Together

July 20, 2016

Dear Fair Haven Family and Friends:

The last month has provided a gracious amount of “I can’t believe the progress” moments! Each of the three new buildings has taken full structural shape, and the exterior masonry and stonework is in full swing. These are such impressive additions to Fair Haven’s campus, and we are so blessed to be bringing this dream to reality. As I wrote to you last month, these new environments will assist us in creating an elevated quality of life in so many ways. I look forward to sharing more with you on that topic in the months to come.

In the meantime, and by request, I will dedicate my correspondence to you every other month to a full pictorial review of the construction progress. We remain on or ahead of schedule at Fair Haven, with completion of the first phase by the end of December!
