

July 20, 2017

Dear Fair Haven Family and Friends:

Even with our abundant summer rains (for which we are all so grateful!), we remain on target to complete the construction at Fair Haven toward the end of September. All of our architects, project managers, superintendents, interior designers and scores of others are squarely focused on reaching the finish line...and on time! Aside from completion of the assisted living, independent living and center core areas of Fair Haven, much exterior paving and landscaping will soon begin to appear, as well as the installation of decorative perimeter fencing and entry guard house. One of the final areas to be renovated will be Fair Haven's chapel, which I find to be a very fitting reminder of the reasons we embarked on this journey. For it is in service to Jesus that we have taken the steps necessary to ensure the continuance of Fair Haven's very mission for generations to come.

July Spotlight... **Construction Progress**

Outdoor façade updates continue, and just inside the front door, the new staircase leading up to the grand living room, which will provide access also to the new ice cream parlor and casual bistro, as well as the outdoor balcony, the newly re-furnished restaurant, and Fair Haven's chapel.

The two-story grand living room, with outdoor balcony, and the new marketing welcome center above.

You are looking at the gift shop, the beauty shop behind that, and then the Nearly New Shop beyond that.

One of the new independent living hallways, with beautiful sunshine spilling in! Pictured right is a new one-bedroom independent living apartment under construction. The kitchen will soon get its granite counter tops, glass tile backsplash and stainless steel appliances.

I look forward to sharing with you again next month as our journey continues. Thank you for your continued support of Fair Haven.

Very truly yours,

Christopher W. Tomlin
